RUDASTRIP®

REF 065406

Product Description and Purpose

Reliably adhesive, white-coloured wound suture strips, **size 6 mm x 38 mm**, packed per 6 pieces in sterile packaging. The wound suture strips are used for an atraumatic primary closure of small, smooth, superficial lacerations or cuts, surgical incisions, as a complement to/relief for subcutaneous and intra-cutaneous sutures or for wounds that have been closed with staples, for the fixation of skin grafts, and if staples and sutures are prematurely removed. RUDASTRIP® are for single use only.

Contra-Indications

Wounds under tension, infected wounds, deeper wounds, and heavily bleeding wounds should not be closed with wound suture strips.

The product must not be used if there is a known allergy to one of its ingredients.

Composition

Polyamide, polyester, polyacrylate adhesive
